Composite Wood Fluted Panel

EAZYWOOD composite wood fluted panels consisting of two range, the exclusive homogeneous and laminated type.

The exclusive homogeneous type come with linear design which its made of PVC wood plastic composition materials. The fluted panel produced with latest "extrusion + colour-well-mixing" technology, which has enhanced the panel's out look with excellent natural wood toning / grain finish. This technology has increased it's aesthetics value compared to conventional laminated type fluted panel, which the out-look may repeating the same. Our fluted panels are pre-finished, easy to be installed, low maintenance, eco-friendly and durable products. Hence, it's also received good response from the house owners which is looking at a Do-It-Yourself (DIY) product. Therefore, fluted panel is the current trend of decoration for residential and commercial paneling and feature walls.

Our Product Features & Benefits

Easy Installation

Fire Retardant

Recyclable

“appearance and texture of natural wood while also being water resistant and termite and mould repellent ... low maintenance, eco-friendly and durable, ...”

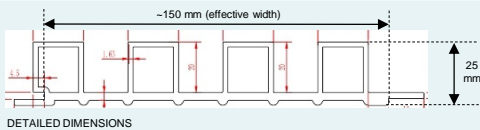

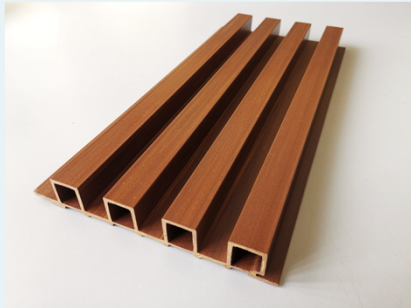

Composite Wood Fluted Panel

Specification and details

Model FP 15025

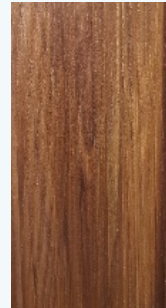

(150 x 25 x 2,900 mm) *effective width after clipped ~ 150 mm

Available colour

India Teak
(C1)

E. Walnut
(C2)

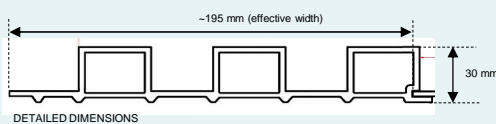

Remarks

TIPS -

- product aesthetically finished with random colour tone / wood grain
- can be installed easily onto the flat wall or by using joists (with clip + screw) or joists (with air-compressed nail) method.

Model FP 19530

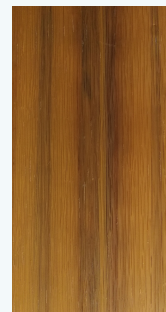

(195 x 30 x 2,900 mm) *effective width after clipped ~ 195 mm

Available colour

Ash Grey
(C3)

Bamboo
(C4)

Remarks

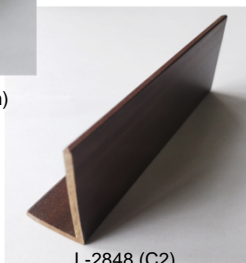

TIPS -

- product aesthetically finished with random colour tone / wood grain
- can be installed easily onto the flat wall or by using joists (with clip + screw) or joists (with air-compressed nail) method.

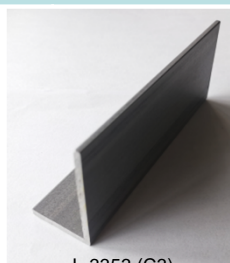

L- Angle Edging (matching colour to fluted panel) & SS 201 Metal Clip

L-2848 (C1)
(28 X 48 X 2,900 mm)

L-2848 (C2)
(28 X 48 X 2,900 mm)

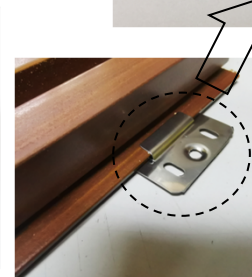

L-3353 (C3)
(33 X 53 X 2,900 mm)

L-3353 (C4)
(33 X 53 X 2,900 mm)

SS 201 Metal Clip

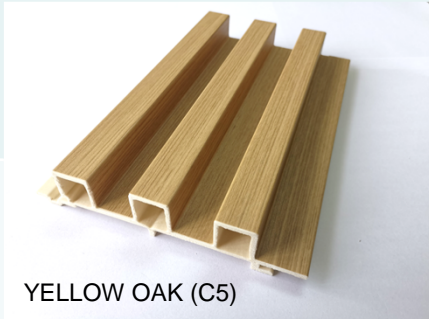

Composite Wood Fluted Panel

Specification and details

Model FP 12530 (laminated)

(125 x 30 x 3,050 mm) *effective width after clipped ~ 125 mm

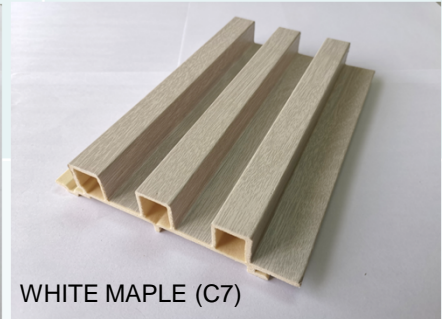

Available color

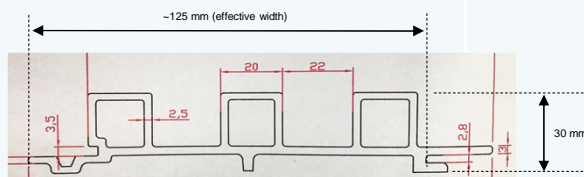

YELLOW OAK (C5)

ZELKOVA (C6)

WHITE MAPLE (C7)

DETAILED DIMENSIONS

TIPS -

- product aesthetically finished with natural wood grain / tone (laminated)
- can be installed easily onto the flat wall by using joist with screwing or air-compressed nail method.

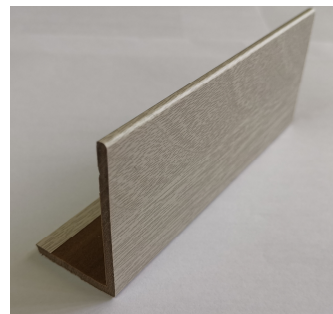

L- Angle Edging (matching colour to laminated fluted panel)

CTL - 3353 (C5)
(33 X 53 X 3,050 mm)

CTL - 3353 (C6)
(33 X 53 X 3,050 mm)

CTL - 3353 (C7)
(33 X 53 X 3,050 mm)

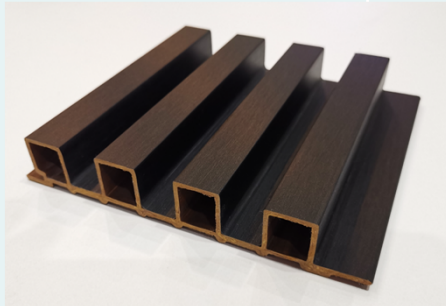

Composite Wood Fluted Panel

Specification and details

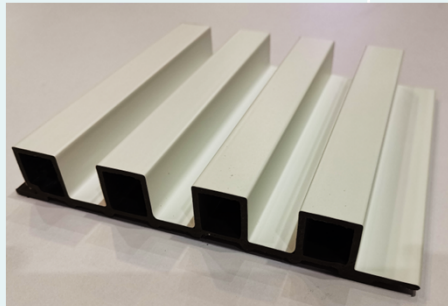

Model FP 15025 (laminated)

(150 x 25 x 2,900 mm) *effective width after clipped ~ 150 mm

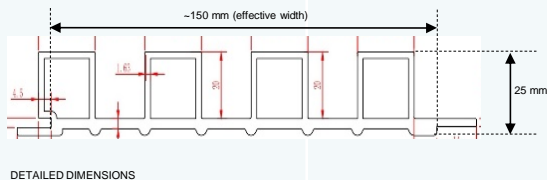

Available color

BLACK (C8)

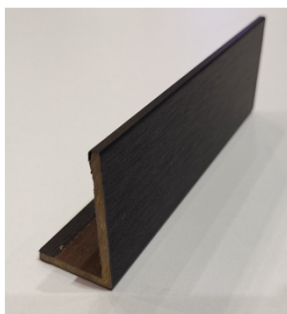

WHITE (C9)

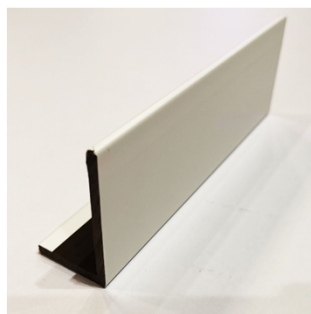

TIPS -

- product aesthetically finished with black or white colour (laminated)
- can be installed easily onto the flat wall or by using joists (with clip + screw) or joists (with air-compressed nail) method.

L- Angle Edging (matching colour to laminated fluted panel)

L(LAM) - 2848 (C8)
(28 X 48 X 2,900 mm)

L(LAM) - 2848 (C9)
(28 X 48 X 2,900 mm)

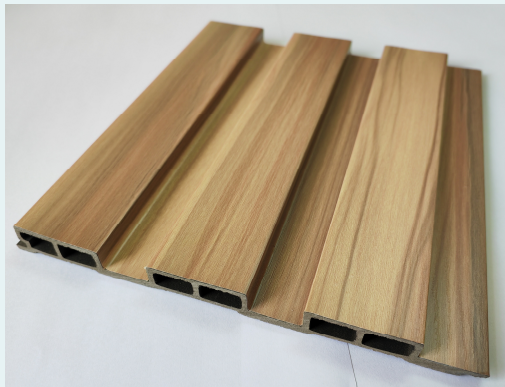

Composite Wood Fluted Panel

Specification and details

Model FP 19515 (laminated)

(195 x 15 x 2,900 mm) *effective width after clipped ~ 195 mm

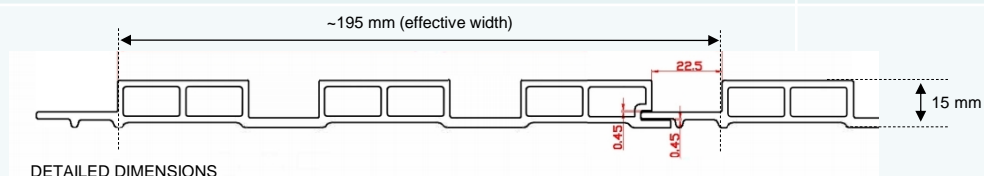

Available color

BROWN OAK (C10)

TIPS -

- product aesthetically finished with natural wood grain / tone (laminated)
- can be installed easily onto the flat wall or by using joists (with clip + screw) or joists (with air-compressed nail) method.

Model FP 15014

(150 x 14 x 3,050 mm) *effective width after clipped ~ 150 mm

Available color

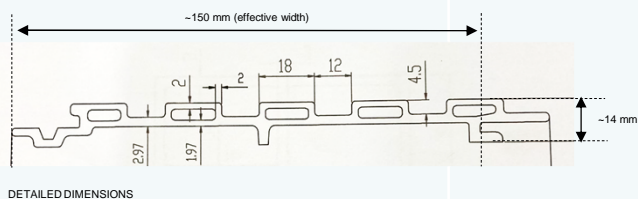

YELLOW OAK (C5)

ZELKOVA (C6)

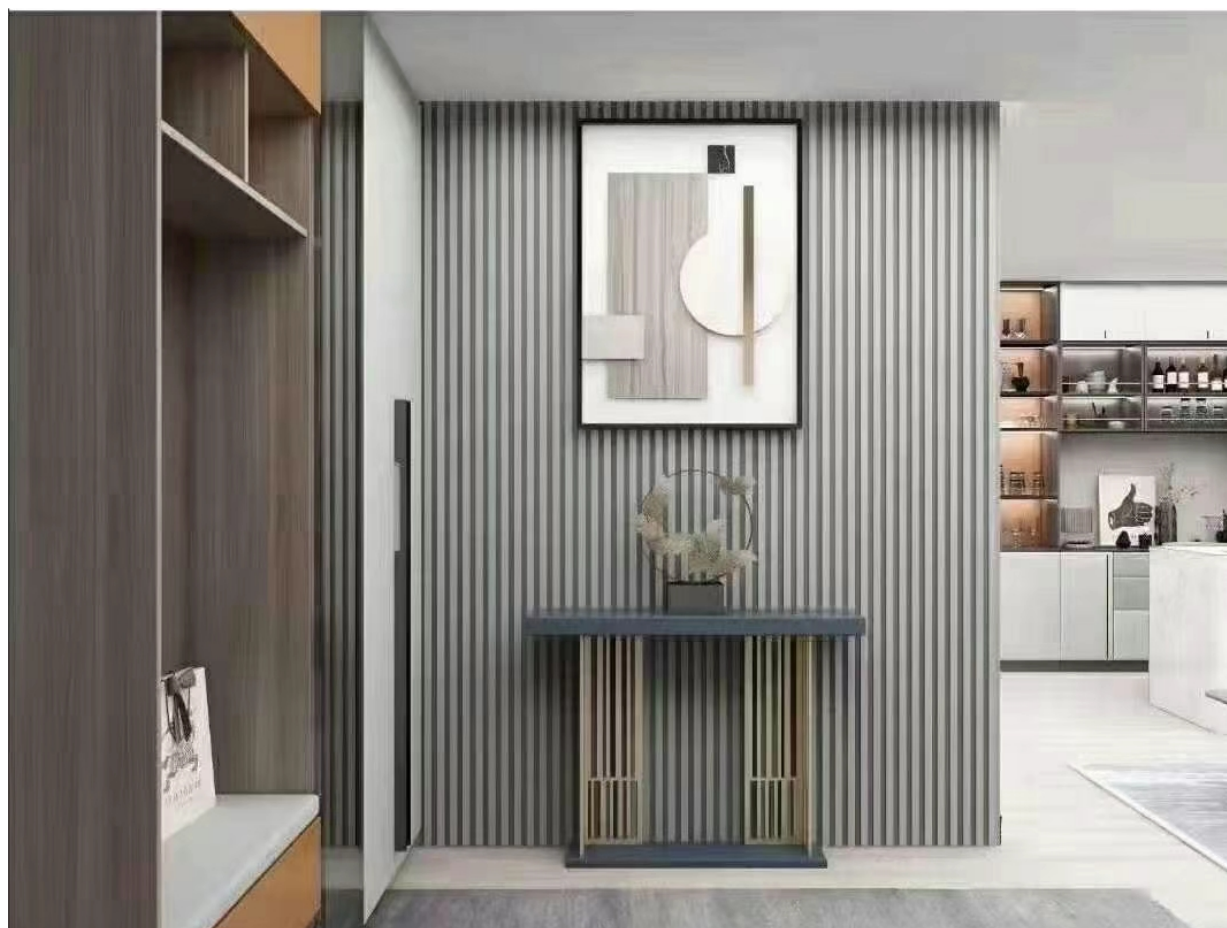

WHITE MAPLE (C7)

TIPS -

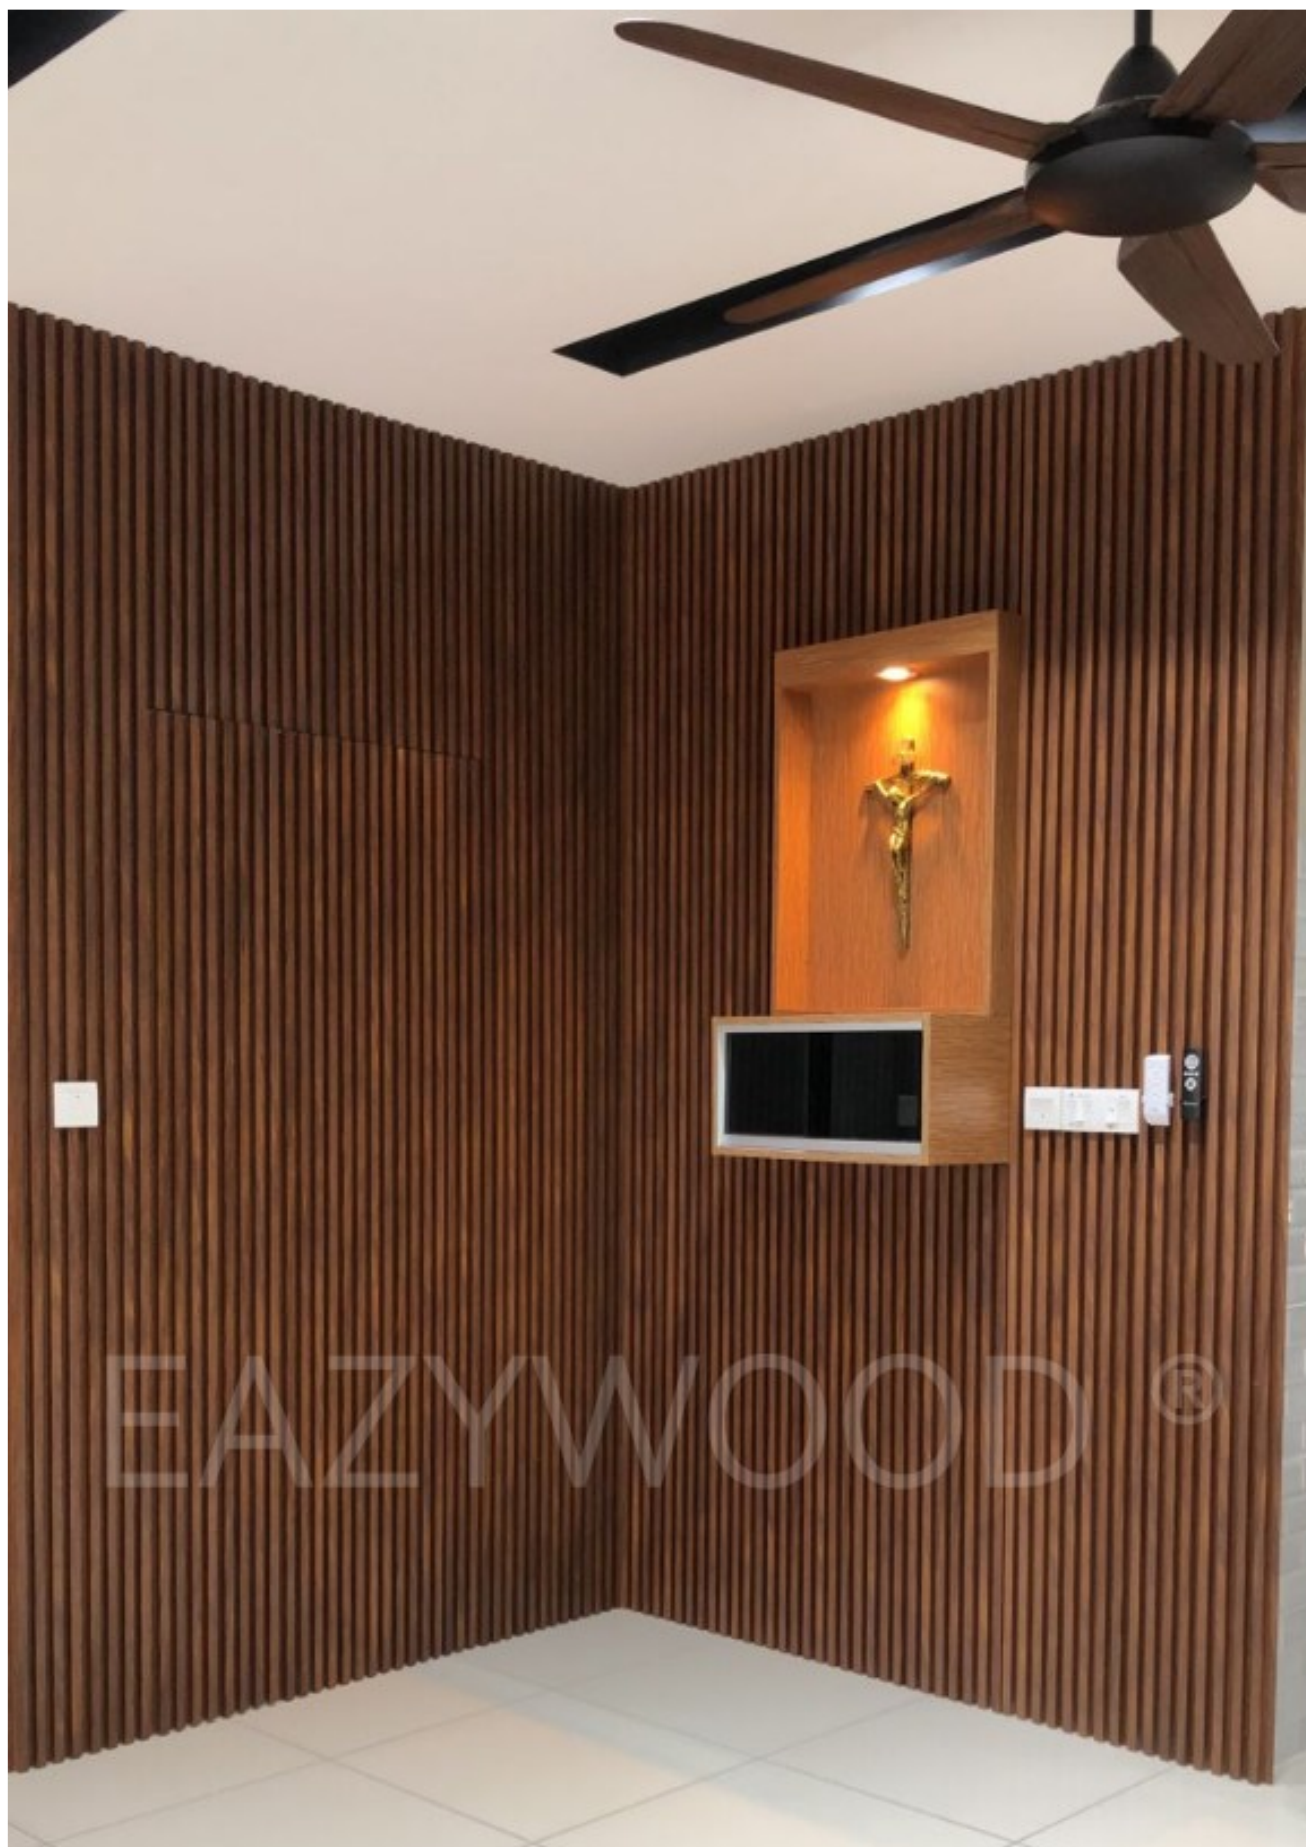

- product aesthetically finished with natural wood grain / tone (laminated)
